Boston Annual Cost to Shelter One Homeless Person

**Noteworthy Numbers**

In FY 2017...

1,418 individuals received stabilization services

439 clients were enrolled in programs

285 clients prepared to be “work ready”

214 clients received housing placement assistance

83 clients were employed through our social enterprises

**Agency Marks 50 Years of Service**

Project Place celebrates its 50th year in 2017—reflecting upon providing hope and opportunity for homeless and low income individuals since 1967. In the 50 years 'Place' has had open doors, first as a crash pad for runaway youth and now as a thriving job training and support agency, we have provided more than 67,000 people in need with legal, educational, housing and employment services. We've assisted more than 1000 homeless people in securing permanent housing. Through our social enterprise programs, we have created 1200 job opportunities. Since 1995 we have seen 2000 individuals work their way out homelessness after graduating from Project Place programs.

**Our Impact**
By providing people with the tools to achieve stability and supporting them in their efforts to get jobs and housing, we help to transform lives. This helps more than the individual: there is a greater social return for every individual investment in our programs. We calculate the impact of our services by examining the resources invested in the agency and comparing that to the contributions a graduate makes to society and the savings society reaps once he or she is healthy and functioning.

Total amount of Project Place services: $2.9M

For every dollar contributed, society receives 100% of its investment, plus a return.

Total contributions/savings to society this year: $4.6M
Program Spotlight: WOW (working opportunities for women)

The newest social enterprise at Project Place, WOW or Working Opportunities for Women, offers business services for producers of specialty products: light assembly and production, packaging and labeling, order processing, order fulfillment and sales and marketing. WOW provides women living in shelter with on-the-job skills and experience to change their lives through work. Our first product partner is Coop’s Microcreamery, maker of high-end sauces: hot fudge and salted caramel. While working at the Coops site, women not only stir the chocolate and dip the jars for their signature wax seal, but they receive extensive training in small business principles, including sales and marketing.

This October, the ‘First Lady’ of Massachusetts, Lauren Baker, visited Project Place and talked with several members of the WOW enterprise. During her visit, Mrs. Baker was not only able to see how WOW workers produce these delicious Coop’s chocolate dipping sauces, but also heard our clients’ individual and unique stories. One client, Shawn, talked to Mrs. Baker about the ways that Project Place and WOW have changed her life. “[Project Place] gives me hope,” Shawn began. “It’s opened doors to all types of opportunities.” Shawn went on to describe her first experience at Project Place, when she initially approached the front desk and was asked to fill out paperwork. “I asked them, ‘Who’s going to hire me? I haven’t worked in almost 10 years.’ I almost started crying, I was just so nervous. And they told me, ‘That’s what we’re here for. We’re going to help you.’ And they did. They did.”

Coop’s Hot Fudge and other products can be found at your local farmer’s market, grocery store, or online at http://WOWmarket.org

Client Demographics

<table>
<thead>
<tr>
<th>Race/Ethnicity</th>
<th>52% African American</th>
<th>41% White</th>
<th>1% Asian</th>
<th>6% Other</th>
</tr>
